Untold Stories of Ulabians

Episode Name

Is ULAB really a smoke free campus?

Description of the Podcast

Welcome to the ‘Untold Stories of the Ulabians,' a portal to the vibrant podcast flowing throughout the ULAB campus welcomes you. Come along with hosts Faria Ahmed Oishi and SM Nafees Al Noor as they explore the curious conversations and untold stories that represent student life.

We address the interesting subject, "Is Ulabinas truly a smoke-free campus?" in this episode. The mindful MD Yusuf Ahmed Tamim joins us, and his viewpoints deepen our investigation. We start off with a smart smoking-related riddle to set the tone for a lively discussion that goes between ironic tales and informative remarks.

We explore Tamim's experiences throughout the podcast revealing smoking habits, university regulations, and the larger effects of tobacco usage. Our discussion covers a range of feelings and viewpoints, from humorous errors to dark insights on health and academic achievement.

As the conversation progresses, Tamim leaves us with a profound message that emphasizes the need of making important decisions and living our life freely and not being afraid of the judgment of other people.
We sincerely thank our guests and viewers, and we warmly encourage you to tune in for more exciting episodes.
